

Title	Chair of Clinical Cancer Research
Chair	Prof Michael Millward
Institution	The University of Western Australia
Research description	<p>The Chair provides academic leadership in clinical cancer research in WA and aims to increase the participation of local cancer patients in clinical trials of new cancer treatments.</p> <p>The purpose of funding the Cancer Foundation Chair in Clinical Cancer Research is to improve the clinical care available to people diagnosed with cancer in Western Australia. There is compelling evidence that outcomes for patients are improved when they participate in clinical trials. A key vehicle therefore to improve outcomes in Western Australia is to actively promote clinical trials in the medical and general community. The means by which this may be achieved by the Chair are broken down into the following categories:</p> <ul style="list-style-type: none"> <li>• Research</li> <li>• Clinical trials</li> <li>• Leadership</li> <li>• Teaching</li> <li>• Advice</li> <li>• Representation</li> <li>• Promotion</li> </ul>
Funding from CCWA	\$384,130
Supported	In the names of Patricia New, Estate of Jan Van Heeren & through an anonymous estate
