

Health & Wellbeing Online Training

Free training for Western Australian
Workplaces

Healthier Workplace WA offers free online health and wellbeing coordinator training to Western Australian workplaces.

IT MAKES CENTS

A workplace health and wellbeing program is a valuable investment. Healthy workers are likely to be more motivated, productive and take less sick leave.

AS EASY AS 1, 2, 3...4

Coordinator training covers the basics of workplace health promotion, providing the foundation to developing a tailored workplace health and wellbeing program. The four modules include:

- 1.** Introduction to workplace health
- 2.** Motivating staff to be healthy
- 3.** Best practice workplace health promotion
- 4.** Planning your program

Healthier Workplace WA's online learning modules are supported by practical information and downloadable free resources.

WE'RE WITH YOU ALL THE WAY

Advisors are available by email or telephone, during business hours, to support you if you need any extra assistance or advice.
