Designed for

Health care professionals working in aged care facilities; Doctors, Registered Nurses, Enrolled Nurses, Allied Health Professionals, Facility Managers, Pastoral Care Workers, Aboriginal Health Workers, Counsellors

Would you be surprised if your patient died within the next 6 months?.... How do I have the conversations?.... I don't have time for this conversation!

Overview

A safe space to discuss death and dying. This interactive workshop highlights challenges and concerns in discussing death and dying with teams, residents and families. A scenario based workshop utilising current evidence-based tools.

Learning areas

- Determining the need to have the conversations
- How to have the conversations
- Theory behind good communication
- Why good communication matters

Presented by

Grace Buchanan, Communication Facilitator and PaSCE Manager

Ed Gaudion, Clinical Nurse
MPaCCS Specialist Palliative Care team

Tina Dobrin, Senior Social Worker
MPaCCS Specialist Palliative Care team

Bethesda Health Care's Metropolitan Palliative Care Consultancy Service (MPaCCS) is a mobile specialist palliative care team, focusing on capacity building of the palliative care sector workforce through training, education, assistance and mentoring where there are currently no specialist palliative care consultation services available for residents or patients, including Residential aged care facilities.
