For enquiries call the Palliative and Supportive Care Education team on (08) 9382 9300 or email pasce@cancerwa.asn.au.

Designed for

Primary Health, Doctors, Registered Nurses, Enrolled Nurses, Allied Health Professionals working with patients, including those with a life limiting illness.

“Advance Care Planning (ACP) helps people to plan and prepare in advance for any decisions that need to be made. It encompasses communication issues, health system and medico legal considerations relating to care planning processes and documentation (such as the completion of Advance Directives) in advanced disease.”

Overview

With increasing emphasis on end of life care discussions in the community, this experiential workshop is designed to increase your understanding of current legislation and the implications on practice when caring for a patient who has a life limiting illness. There will be a focus on decision-making capacity. This day includes a panel discussion and case studies.

Learning areas

- Advance care planning
- Advance Health Directive
- Substitute decision making
- Enduring Power of Guardianship
- Common vs statutory law and the health professional
- Paediatric
- Women's Health
- Wills
